

Trinity College, Dublin,

9 February 1871

My dear Sir —

Yours of 20th ult.
enclosing papers from
yourself & Dr Sterry Hunt,
for the Royal Irish Acade-
my, reached me safely —

Your papers will be
read at the Academy on
the 13th inst. & published
soon afterwards —

It happens, curiously e-
nough that Messrs King
& Rowley will read another

papers on the same (or simi-
lar) subject, on the same
night —

The weight of opinion, here,
is in favour of the Cafa-
nic origin of the Eozoon.

Please give my kind regards
to D Hunt, I believe me
to be,

Sincerely
Samuel Haughton
