ARCHIVES DU SÉMINAIRE DE QUÉBEC

July 17, 1871

My dear Sir,

The Natural
History Society of Montreal
propose this year to
make a collection of
Canadian antiquities
the principal feature of
their annual Concours
Scientifique to be held
early in March. I know
that you have much
interest in this way,
and we shall be
very glad if you will

FO. Verredu 29 No 61

Forward us with exhibiting
either books, maps or
specimens that may be
interesting. We shall
make satisfactory arrange-
ments for the safe
keeping and return
of objects exhibited, and
shall send tickets of
invitation & exhibits.

Please inform me
whether you can
oblige us in this
way. The Secretary

Mr Whiteaves is to
write an appeal letter,
but I have thought it
well to give this little
explanatory besides.

Truly yours

M Dawson
