

Montreal Mar. 16-1871

My dear Sir

Prof. E. S. Morse of Salem is  
to be here some time from the 25<sup>th</sup> to the 29<sup>th</sup> of  
March and says he shall be glad to talk to the  
Nat. Hist. Soc. on Brachiopods or other matters.  
We might get from him a 7<sup>th</sup> lecture or have  
it a meeting of the Society which is to be here  
in order for Monday 27. He comes on chiefly  
to see Dr. Carpenter I understand, & writes that  
he is very desirous of making your acquaint-  
ance. You know he is a charming popular  
lecturer, and has a facility in drawing on the  
board rarely equalled. Kindly do me a  
line saying what you think about the  
matter, that I may reply to Morse.

faithfully Yours
