My dear Sir

By this post I send
you the proof of your paper
on Ligillaria &c, but I am
sorry to say the plates are
not yet ready. The artist
lost about a fortnight after
I put them into his hands,
but on my declaring that
if he could not promise
me proofs in time for the

mail on the 30th Inst. I
should please the work in
other hands, he engaged
to furnish me with them
before that date.

I do not know exactly
the course of post between
London & Montreal, but
I should hope that if
I forward the proofs on
the 30th they may be
here again in time to
be printed for the 1st May.

Your newspaper will be
read, I hope, next Wednesday.

Believe me

Yours truly

W. S. Dallas.
