

Monday P.M.

My Dear Sir

I do not well know  
what to recommend in the  
case of the Engineer of whom  
you write. For steam boat  
work the most likely quarter  
is probably the Canadian  
Inland Navigation Co. in  
St. James's Street of which  
Mr Milloy is the manager -  
their vacancies must be  
numerous. There are also

a number of machine  
shops in town - The name  
written on my card is per-  
haps as likely a one as  
any in that "line" which is  
however one out of my usual  
beat. —

Yours truly  
David A. P. West
