My dear Sir

Your paper was  
before the Council yesterday  
but its consideration was  
postponed until I could  
ascertain whether specimens  
or good photographs could  
be sent to enable figures to  
be drawn. - Mr. Peavey  
reported in favour of the  
paper, but thought that  
the figures might be  
reduced so as to occupy

only one 800. plate.

I hope my proofs will  
be on their way home  
before you receive this.

Believe me

Yours very truly
