Dear Sir,

I find that you will
be in New Haven on the 5th
January to lecture before the
Yale Scientific Club. If you
have not already engaged your-
self, it will give me great
pleasure to have you stay
at my house during your
visit. I do not know whether
there is a Mrs Dawson, but
if there is, & she accompanies
you, my wife will be most
happy to see her and welcome
her here.

All the people at the Depot
know my residence, which
is near the Sheffield Scien-
tific School,

Very truly yours etc.

George H. Bly.

Dr J. W. Dawson,

McGill College,
