

University of Chicago

Dec. 20. 71.

Dr. J. W. Sanson.

Dear Sir,

I thank you most heartily for your "Fossil Plants." I shall send you a small box of Fossil plants from Ill. (Mezou creek) unless you write me you do not want them. After the Holidays a couple of weeks. I have read a good part of the general remarks (all but descriptions) and am much pleased with it.

Yours very truly,

W. J. Beal.

My permanent address is

Lansing Mich.

Prof. of Bot. & Horticult. in
Agri. College.
