

28 Cathcart Street
Glasgow 21st Dec^r.

Dear Dr Dawson,

Miss Smith
and I were both anxious
to comply with your wishes
and pass the examination,
but happening as it does
at our own examination
time, with reports etc. to
be attended to it is im-
possible for us both to be
present. Miss Smith has
therefore taken the home
work, while I come over
with my pupils, the
Misses Barry, Lawrence

Lambert and Henshaw.

Dear Dr. Dawson, I fear
my paper will very poorly
show my appreciation of
your labours in our behalf,
but believe me it has
been from want of time
not lack of interest or
inclination. School had
to be the first consider-
ation.

Up to almost the last
moment, Miss Smith had
hoped the work might
so have been arranged
that she could have
attended, and she writes
with me in thanking
you warmly for the very

pleasant hours we have
spent at your lectures.

Believe me

Dear Dr. Dawson,

Yours faithfully
Bessie Symmers.
