Dear D. Dawson

I trust that you will not undertake the exploration & the drawing of a Report on the Livery property this summer. I think you will that in your own & the general interest there should not be too Richards in the field, & both carrying you summer. Pray forgive me for suggesting this, but I feared that Sir Hugh Allan might ask you to undertake this work during the summer, which I feel certain would be injurious to our interests if you complied. I can

only hope that your time is fully
enjoyed.

Please forward to Edinburgh
by Friday, mail, a few copies
of your Pictur notes.

Yr faithfully
D. W. A. Brewster
