

27, Paternoster Row,

London, June 6 1872

E.C.

To Professor Dawson
etc etc

Dear Sir,

We are in receipt of your favor of 13th May, and after due consideration, write to say that if permission can be obtained from the Rel. Tract Society to incorporate your papers on Primitive Man in the projected volume, we shall be glad to undertake the risk of publication & will divide profits with you.

We have agents in Canada. I could arrange for sales there as well as here.

We note your willingness

to take 50 Copies at trade price,
& to obtain for us the illustrations
which have appeared on the "Pecunia
Hour". These will be sufficient.

Please let us know if the
terms specified are satisfactory.
We shall do our best to make
the book a pecuniary success
if entrusted to us. We shall
be glad to know the title
you propose - say as little on
the title about Geology as
possible. If the word is employed
at all, please let it come in
the sub title. It is desirable to
attract general readers, & to prevent
the idea that the book only
appeals to geologists.

We are Dear Sir
Yours very truly
