

Cape to Perth

Dec 1/43

I would try however
~~that it is true~~ from my
knowledge of the reports
that made by the ~~so~~
light vessel upon the
slipping areas ~~in~~
the middle of them areas
where there is no ~~in~~
instead of at the salt
side where the ~~can~~
is used when of low
currents upon you have
taken the way right
is they are even, any
that play the ^{cut} ~~can~~ wide
instead of narrow the ~~books~~
area are is also ~~in~~
even as well as ~~clear~~ at
now are ~~in~~ at 25,

shall all these are matters
in which I acknowledge
no responsibility; that I
am prepared to indicate
as nearly as I can the
locations of the
deposits which I have
examined. W.D.
