My dear Madam,

I beg to thank
you for your kind letter
of July 28, which reached
me when absent from
home. Since writing
to you, I have had
a little correspondence with
Mr Murray now Di-
rector of the Survey of
Newfoundland and
a very old friend of

In Williams's end
who is very desirous
to contribute towards
a biography of Sir William
This might rather
be proposed to any
published work as
might have add-
ed to it any remains
that may exist
In the mean time
I thought of the

Geological Survey has pre-
pared a topographic
sketch for the Cassin
dean Natumonts &
Cassin will soon ap-
pear.
