My dear Professor Dawson

I have to thank you for your new volume, which is most interesting, and at last has enabled me to fathom the problem of the Eozoon. The illustrations are beautifully figured.

Hoping to see you during the course of the winter when I

go to Montreal, and with  
renewed thanks.

Believe me  
My dear Professor Dawson  
Yours sincerely  
Duggan

P.S. I believe there is <sup>a gentleman</sup> an  
artist of the name of H. Bird  
connected with your University.  
I am very anxious to find  
somebody who would give me  
a few lessons. My Secretary,  
Colonel Littleton had written to  
this gentleman to ask him if

There was a chance of his being able to come up to Ottawa, but has received no reply, perhaps from the letter being wrongly addressed, though it was directed to the University. Perhaps you would send him a message on the subject. D.

P. S. S. Colonel Littleton has just heard from W. Bird.
