Dear Dr Dawson

I inclose a letter from  
Mr Emberson with two for  
Dr Miles whom - which I  
have just recd. I have  
written him to say that  
nothing can be done until  
~~the~~ after the 1<sup>st</sup> Feby when  
the Council will be organized  
under the new Bill -  
I suppose he is entitled to  
the

the office he solicits - but  
how will this square with  
our idea of dispensing with  
Inspectors as now existing -  
Accept for yourself and family  
my best <sup>wishes</sup> for continued prosper-  
and happiness for many  
years to come - and believe me

Yours sincerely
