To Dr Dawson

Principal of McGill College &c

Rev. and dear Sir,

Judge Day tells me that he will most probably not form one of the new Council of P. J. - In that case the Protestant Committee will I think be guided almost entirely by your views on any given subject. Will you kindly let me know - privately & without prejudice your views as to the obligation of the Council to carry out M. de Bucherwillle's promise to me of the agentenil Inspectorship - at your leisure I make a definite engagement to teach at Lennoxville this term, under penalty of a fine of \$25⁰⁰ if I get a better appointment. Mr Budgeley writes me that owing to the fire in the College he has no work for me in the School! - Do you know of any work scholastic or library which wd bring in even as little as \$9⁰⁰ \$10⁰⁰ a week at least. I do not mind drudgery. I am yours obed servt
