

Knowlton,

18 Jan'y. 1876

My dear Principal,

Thanks for your  
very prompt answer to my last.  
I should have answered it sooner,  
but that I have to be careful to  
do as little as I can.

Of course, I entirely assent  
to your view of the Chauveau  
matter.

My time of reaching town  
remains uncertain. I am well  
enough on the mend, & have  
been down stairs daily, for now  
over a week. But I am still  
only on the look out for a time  
admitting of my first breath  
of out-doa air. I do hope,  
though,

though, I may see you before  
the 29<sup>th</sup> so the meeting of that  
day, I hardly dare hope to be.

All send loving remem-  
brances.
