Sir,

I have been very much pleased with reading of your "Lepus Down on Earth" & as I take an interest in geology and the study of the Miocene I shall feel much obliged to you if you will kindly inform me per next mail, where I can obtain a specimen of *Lepus Canadense* as I am informed it is very difficult to obtain.

Hoping you will excuse the liberty I take in addressing you

I am Sir

Your obed<sup>t</sup> Serv<sup>t</sup>.
