

Intro
Sandeman

14 April 1876.

My dear Sir,

Allow me to introduce
to you my friend Mr. D.
Sandeman, of Glasgow,
a gentleman deeply interested
in Scientific & Technical
education. — He visits
Canada & the States for
the purpose of acquaint-
ing himself with what
has been done there

in furtherance of the
foregoing; and I shall
esteem it a personal
favour if you will afford
him any aid in your
power, by introduction
or advice as to what should
be seen, to render his
visit interesting & agreeable.

Believe that I am,

Very faithfully yours,
J. F. Austin
