J. W. Dawson doted.,

Dear Bro.,

I sent you
in the last mail the programme of
"S. S. Parliament", of which I wrote
you some weeks since, inviting you to
participate.

I was then unable
to get any of the prominent Montreal
workers to whom I wrote (yourself,
Dr. Douglas, Dr. Mackinnon & Dr. Thomson.)

I very much desire a Montreal
man of prominence in the list of speakers
and in the programme. I hope
your arrangements ~~have~~ will allow
you to accept this second invitation.

Only 1000 programmes have been printed
as an announcement. It is to be changed
and revised. There is promise of a
great gathering. Can you give us an
address on "Religion and Science"
8.15 P.M. of "Bible Day Ev. 1?" (Wed. 1876)
