Dear Sir

I am ordered to England  
on sick leave. I should have gone a  
year ago, but was afraid to leave affairs.  
Now I have no choice.

If it is not too much trouble, would  
you kindly manage to have a  
notice put in one of the Montreal  
papers to the effect that I sail  
or sailed to England on the 3<sup>d</sup> June  
of Savannah

in full view, and that the  
Metropolitan Office of the  
Dominion will be placed, during  
my absence, under care of

M<sup>r</sup> C. Carpmael M.A. F.R.A.S

Fellow of S<sup>t</sup> John's Colly<sup>r</sup> Lane, Lond<sup>n</sup>.

The notice sh<sup>d</sup> not be sent as an  
acknowledgment, nor sh<sup>d</sup> it appear  
as though sent by me.

I have barely strength to pack up & go; but  
if I can do so, I shall write you a few lines  
as to the prospects of your system.

Yours truly

S. T. Kingston
