

CANADA POST CARD

THE ADDRESS TO BE WRITTEN ON THIS SIDE.

Sir William Dawson

MONTREAL
JUN 26 1881

Mc Gill College,
Montreal,

North River June 26th

Dear Sir - I Express to-day the specimens of
Gyrodendron. I beg again to call your atten-
tion to the calcified specimen which I
~~suppose~~ to represent the external envelope of
Gyrodendron. The material adhering to the spe-
cimens of pith I suppose to be but part of mid-
ullary sheath. Truly yours Francis Bair,
