Dear Sir,

I am in receipt  
of your favour of the 8th  
inst, and can <sup>better</sup> understand  
your action if you do  
not receive any other  
letter relating to my  
application than that  
of June 3, 1886. My in-  
tention was and is that  
I had written some  
time previous asking to  
be relieved of my responsi-  
bilities in the matter of a

Committee whose meetings  
I could not attend. Per-  
haps you may not have  
received this letter, and  
unfortunately I have been  
unable to find any copy  
of it. The additional  
reason in my note of  
June 3 was certainly not  
intended to be made  
public but my ~~to show~~

of which had only then  
reached me.

In any case I trust  
the committee will do  
me the justice to give  
me the actual views of  
my signatory as stated  
by myself and shall  
please to take suitable  
opportunities to give  
my views my opinion  
of the acts of the  
Berlin conference  
Truly yours
