

Albany, June 3 1876

My dear Dr. Dawson

I received your
favor of the 22nd in due
time but I have been very
ill for ten days - Indeed
quite ill all the month of May
- but for the last ten days
was unable to leave my room
or write a letter -

I don't know what the
advertisement may be -
but vol iii has been a
long time published -

Vol 3 & 4 are published
and if you have them not
in your library or think
an application to Dr. S. W. Woodworth
Secretary of the Board of Regents
will secure them for you.

- I am not quite sure whether

Vol 3 is the
one wanted

you set may have originally
came to you by direct
act of Legislature or through
the Regents — But all
these things have finally
fallen into the control of the
Board of Regents —

The rats can be purchased
at \$5 each, currency —

X Will you kindly ask Mr.
Selwyn if there is any
possible way by which
I can get a settlement
of my account for work
on the Graptolites —

Dr. Williams, Tuesday,
did not behave well in
the matter and when
I had sent him all my
 vouchers & even made
a journey to Montreal to
effect a settlement, insisted

in making new issues.

It is a small matter
and it is scarcely creditable
for a great Government
to refuse to pay a few
hundred dollars for money
lawfully earned -

Please present my kind
regards to Mr Dawson and
your family

Very sincerely yours
James H. Hall
