

International Review,

111 WILLIAM STREET.

New York, Sept 2nd 1870

Prof. W. Dawson

Dear Sir:

We should like to secure an answer to Prof. Hutley's late lectures in New York, from your pen, for use in our January number. The MSS should be in our hands by the middle of November.

Will it be convenient for you to prepare such an article?

Very respectfully
Yours

The Editors.
