Montreal 2 Oct. 1876

Dear Sir

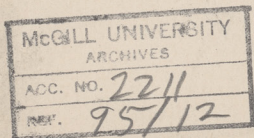

We enclose you
two letters received from
Mr Gilpin & shall be
glad of an expression
of opinion from you
on their contents.

Yours truly

S. D. Campford & Co

A. H. Dawson Esq. L. L. D.

Montreal

Have looked over folks
letters —

as to acres upon
& I think exceedingly
that Nos 23, 24 and
17 may be dropped
as to ~~24~~¹⁸ there may
still be some hope
but I think not much
I do not think that
relating there only to
unpublished papers of
the paper is not
the expense in present
circumstances, it might
be different if there
was some published

Irregularly the
more voluminous
part of the paper,

as to the subject
of purchase, I
near the spot. I
have not ruled there
I do not give any
opinion. The Texas
Clay bank ^{could be} of some
value but not much
of it now we are looking
and the better for us
a volume of *Hemlock*
and they can be used
in it. In *Gilpin* Perhaps
it could be used in a case
of *precept* a case being
at small cost.
