Dear Sir

I am
requested by my friend Mr.
Francis Scott of New Brandon
to write you, and say from him
that he has lately procured
some specimens of a very ^{fine} kind,
that is to say to his mind, if
you are desirous to have them
he will send them by Rail to
your address, Mr. Scott has -

not had an opportunity of visiting
Restigouche owing to the very
extraordinary bad weather for
loading Gr. Stone - but hopes to
make a visit there soon.

We are having a very open
face but - buff

With thanks for Pamphlet

I am yours

Truly

Samuel A. Napier
