

I will pay all expenses
of Cartage if you will
again send up - It was
wrong of me to go out
this morning but I
had an appointment
at 9 o'clock with my
lawyer - & on the way
back I could not help
straying into Stanley's

Please thank Dr Dawson
for his kind expression
of regard for my dear
brother - One better

Wm Darwin
D.D.

My dear Mr Dawson,

I feel very sorry that
I was out this morning
when you kindly sent up
but I could not resist the
temptation of once more
going to hear Mr Baister.

There is a case of
geological specimens up
stairs, which are too
cumbersome for me to take
home - Would they
be worth sending for

feeling I have in leaving Montreal
is that I am going away from
where he lived & was so beloved
by every one for so long -

Any time will do to send for
the specimens either today or
tomorrow - I am dear Mrs. Johnson

Yours sincerely,
Harriet Pinney
