To John W Dawson

Dear Sir

When I was  
in Antigonish I received a note  
from you requesting me for  
to send some Silurian fossils  
from the vicinity of the red  
hematite after I got home  
I forgot all about it I find  
I have but very few. So few  
as for to be scarcely worth sending  
all are ~~labeled~~ labeled and  
shown where found
