Dear Sir: The 1000 Island
Camp Meeting Association, who own the Thousand
Island Park on Mills Island are engaged
in an enterprise that calls for the services
of our best minds in their special fields.
I send you herewith our last years extra
so that you can get the idea of what
we are doing. We have a second Scientific
Conference on the plan of last years the
dates are July 21 to 26 inclusive. Can you
engage to be present between these dates and
give us one two or three lectures on
subjects related to the conference? Last year
we had a very pleasant convention and
by looking at the names you may
find some old friends. All these

Men came to our Park and gave us
their lectures for their entertainment traveling
expenses and in two or three instances a
slight charge over. We think it would
be a great privilege for us to hear you
and be able to advertise you. We
also think you would be pleased with
your visit and the entertainment we
could give you. The Book now in prep
by John Dougal & Co of Montreal conveys
some idea of what we are doing.

An answer from you with suggestions
is solicited. If our postal stamps
are current with you I would send
for payment of your letter.

We shall have afternoon and evening
lectures as last year. We shall have
the forenoon for rambling & fishing &c.

Please address Yours.
Committee on Lectures.
