To Prof. W. Dawson L.L.D. & R.S. F.R.S.  
Montreal June,

Dear Sir

Your letter in regard  
to Woods "Bible Animals" at  
hand. Thanks, the book  
was intended as a present  
to you personally & was  
sent express paid. You  
can place it in the College  
Library if you prefer,  
but it would be my  
choice for you to retain  
it personally. I was in  
hopes you would be  
pleased with the article  
on "Evolution" by Dr McCosh  
of Princeton N.J. but I see  
you did not speak of  
it in your letter.

Mr Metcalfe who attends  
to my business in Montreal

will call upon you &  
if you will do me the  
great favor to copy into  
his book the favorable  
opinion of the work which  
your letter to me has  
conveyed I will feel  
myself under much  
obligation to you

Yours Dear Sir

Your obedient servant
