J. W. Dawson Esq. LL.D., F.R.S.D.,  
Principal of McGill College

Dear Sir,

I regret to inform  
you that in consequence of  
not receiving your note till  
this morning, I shall be unable  
to forward my paper with  
suitable maps & sections before  
in time for Monday night.  
I shall, however, have great  
pleasure in sending it on on  
about Tuesday for publication

in the "Naturalist". I was unable to procure a map of the county till before noon, and not having the lot at Shannonville surveyed yet, I thought it better to let it wait. I regretted this very much but the plan of the outcrop not being rigidly exact I thought it better to do so.

With many thanks for your kindness.

I remain,

~~Edw. Darwin~~

Yours truly,

D. F. H. Williams
