Dear Sir.

I intend leaving
New York on Friday May
11th for Fernandina Fla.
calling at Brunswick Ga.
and Port Royal S. C. on
the way and to return
by the same route about

the 30th Inst. any letters
directed to me in care
of Messrs Chater and King
Fernandina. You will find
me there.

as I am taking
the trip for the benefit
of my health the whole
of my time while there will
be at my own disposal and
I intend employing it in
forming collections illustrative
of the Natural History of
that part of the Country.

I shall therefore be
glad to avail myself of
any hints you may kindly
give me as to the most
characteristic specimens to
collect and also as to
those in which your own
Cabinet and the College
Museum are deficient.

I should be further
obliged if you would
let me know the best
books to take with me
and the titles of any
