W^d you advice me
to send the enclosed
to Hyatt to show how
my husband tried?

Mr Carpenter

Dear kind Friend
I like the advert. very
much & it seems from
what I hear of Mrs Sanford
that the parents are
anxious that this school
sh^d be continued.
But I think if we cant
find a man, his
labour w^d be in vain,
I sh^d if anybody had
applied, after having
shown & explained,
refer him to you,
as I sh^d not have
discernement to chose
the right one &

therefore w^d not like
to take the responsibility.

Andrew Reed was here
& w^d be very glad
to help in packing, if
Mr. Lynd. w^d let him
off for a day. We both
however think that,
when the time comes,
if you applied to him
he w^d do it.

I shall write by this
post & to Prof. Hyatt
tell him what my
husband said.
I will do anything

you wish me to do, but I am
afraid that I understand very
little or nothing about the books
& must leave all to your judg-
ment. I shall send the letters
sent back as they, & suppose I must
go with Boston things.
I know how valuable your time
is & soon may see preference sh^d
not like you to do more than
you can without refusing to those
