Governors Lane 21st 79.
St Dawson L.L.D.

My dear Sir.

Your kind
note was duly received,
for which I am grate-
ful. Much prejudice
in that field has been
overcome through the
settlement. Carrel infor-
-mation has been given
in visiting the people &
by the addresses at
Public Meetings. The Ch
of England Minister coming
to know more fully the
spirit & aims of the Mission
acknowledges being en-
lightened on the subject
and approves my

Seeing every School
Section - and doing
all I can - provided
the Schools do not
be so conducted as to
draw away the
Children from "The
Church". The people
being entirely of that
administration - we
may let the School
bear the desired name -
The Church people
frankly confess that they
have never been
furnished - by any Society
of their own with such
interesting & helpful
material for ~~initiating~~
initiating the inexpressi-
-ble into the work of
S.S. teaching - and are

grateful, when they see
the principle illustrated
in my meetings with the young,
to have such suggestions
helped placed within their reach.

The course you mention
with regard to the opening
of so many new Schools
is as possible - I have had
heavy on my mind & will
as nearly as possible
plan my work accord-
-ingly.

Ever truly yours,
John M. Killian.
