

A Bell

Montreal July 12 77

D^r Dawson,

Dear Sir,

I have just received your letter of the 9th and am glad that the Cemetery Authorities have granted your request.

I got a subscription yesterday and put the list into the hands of Mrs. Ben Ross' parlour to solicit subscriptions from Parker's fellow craftsmen

MCGILL UNIVERSITY ARCHIVES

REF. 9	

I had a letter from Dr
Fray asking how I
came to describe "poor
Dunk" a Baron as it
is a new idea to him
can you enlighten me
as it was from the
heading of the bill
you sent that I got
the title.

I thought of publishing
the notes used & will
act on your suggestion.

Should I publish
that letter from Mr
McKenzie to you?
Marta.

There is to be no pro-
cession today, but
service in St Mary's church,
all quiet and beautiful
as the day is.

On the 1st I found
Celtis occidentalis, on
St Helen's Island as I
was doing military duty
with my Brigade of Artillery.
I tried to find that Compositae
limestone but did not
recognize it if I saw it
but found above instead
which by the way is
not mentioned in Dr
Crevier's exhaustive treatise
on the island.
With kind regards to
Mrs Skewton & family
Believe me
Yours very truly
Marta
