Albany

Tweeddale Court.

Edinburgh 24th Oct. 1877

Dear Sir

We wrote to you on the
12th inst and have not
received your letter of the
10th inst.

We had placed the woodcuts
at the places they were referred
to, and the matter had been
made up into pages, and proofs
were about to be sent to you.

The explanation of the cuts
now received will cause
some over-running of pages and
corresponding expense: but

no time will be lost in
the adjustment.

We have written to Messrs
Longmans & Co regarding the
Zoological Text Book, and
enclosing the Memorandum
you sent on the subject.

X We enclose account sales
of "Canadian Zoology" from
July 1/76 to June 30/77 which
Messrs Macmillan & Co have sent
us showing that eight copies had
been sold and that they would be
due you £3. 14. 11 on January next.

X We are
Yours truly
Alfred S. Peck
