Mcgill College,

Dear Sir,

In answer to yours of Saturday, about a fence round the Reservoir grounds opposite your property, I beg to inform you that next summer I intend to recommend to our Water Committee, to complete all the embellishments round the reservoir and that will include proper fencing round the grounds. As long as the work of blasting has been going on, it has not been possible to maintain a proper order in these works of embellishment, but in a few days the stone crushers and the carters will be done with their works and
