WM. MCKAY WRIGHT. L. W. P. COUTLEE, B.C.L.

City of Hull, P.Q., 19th Nov. 1877

Principal Dawson
McGill College
Montreal

Sir
Presuming on our former relations as
professor and student, I now take the liberty of
enclosing to you the accompanying specimen
stated to be *acquantifera galina*. The specimen
was obtained by my brother Mr Edward Wright
in his hunts on Lake Temiscamiquie on the
Ottawa, - He asserts that there is a large quan-
tity of similar ore in the vicinity.

Could you without too much trouble
give me your opinion of enclosed specimen
and its commercial value if found in
quantities.

Should you rather not express any opinion
might I ask you to direct me where the
best one could be procured.

I remain
Yours Truly
W. McKay Wright
