Dr Dawson,

Dear Sir,

Some little while ago
I heard from Mrs Carpenter that
you were desirous of knowing what
progress had been made with the
fund for Dr C's monument. -
Lawford & myself have each col-
lected \$60, & are still drumming
up old & new scholars, who fail to
answer even a special circular which
I distributed in the beginning of the
month. - I should be glad to know
to what extent you think the friends

ought to be approached in the
matter; - I have been much dis-
appointed that several, to whom I
mailed circulars, have taken no
notice of the same. —

I remain,

yours respectfully,
L. M. Lewis.
