

Will College.

Levy 11, 1878

My dear Dr. Meyer,

I beg to
thank you for your
kind letter and
to reciprocate all
your good wishes.
I am glad to hear
of your welfare, and
can heartily sympathize
with you effort about
the lectureship. We
have exactly the
same sort of struggle
here and are not

This moment endeavor
to obtain assistance
from our friends to
give additional life
to our Science
School. One some-
times gets tired of
these struggles; but
it has been the
same always - the
Lepus number struggles
to uphold the
cause of truth, and

His and will be
upheld till A shall
reign in the better
time, after we
are gone probably,
but we shall
inherit it for
all.

Sincerely yours
W. Dawson
