My dear Sir,

I send copies of this announcement to all students & Ministers. The Lectures will be in the Library.

I have just received notice of a most valuable gift to our Library from the Emperor of Russia, viz., a facsimile copy of the Codex Sinaiticus - It has been procured through the Ambassador, at London, by Rev. A. B. Mackay, of Brighton Eng., who arrives here next week to supply Cite' st. for some time.

The Free Church Col. in Glasgow gave £100 for the copy in Dr. Fischendorf's Library - Mr. Mackay brings the copy for us -

Yours very truly

D. A. Maclean
