My dear Mr Dawson.

It would afford me,  
I assure you, very great pleasure  
if I could be of use in any  
way in promoting the interests  
of your son Mr H. Dawson.

Your own testimonials  
show him to be a very highly  
educated Engineer. But,  
unfortunately, I have but very  
little influence which would be  
of use in obtaining employment

pray me in that job.

I shall keep the testimonial  
to make use of them should  
I be <sup>in</sup> season.

I am sorry to hear that  
there is any hitch in the  
settlement of your Capital  
Philadelphia difficulties.

Believe me

Your sincere friend
