My dear Principal Dawson

I took your note to  
Dr. Howard this afternoon and  
received from him the following  
Explanation of the change in the  
time of the Matriculation examination  
of which your note of this morning  
contained the first information I had

Spring Matriculation Examination  
but as you will see by looking  
into the printed Statutes adopted  
at the first Regular Meeting of  
the College in September last and  
confirmed by the Next Commencement  
December-77 the day of examination  
was then changed to the Thursday  
before the Regular Meeting of the Board  
Howard says he notified order to  
make the alteration required in our  
Annual Announcement, and I have  
written to the Secretary for 3 copies  
of the Statutes one of which I wish

Send to you when I recd them  
Both you and I should  
have had copies sent us  
without a special application  
but the Secretary is a miserable  
French Canadian, and does  
business in the true Canadian  
fashion. Send Howard his  
copy back when you are  
finished with it

Yours very truly
