J. W. Dawson

My Dear Sir:

In consequence of an absence from home, I have been unable to attend to your wishes. In considering your letter of July 22. I have concluded that you were desirous of obtaining *Pupa* + *Dawsonella* and that these were what you wanted more than any thing else. so I send you herewith all my stock. you can send in return such things as you think may be of interest to me. Having in mind that anything fine in the line of Brachiopoda would be acceptable. I don't care for anything but quality would prefer one fine spec^s to 40 fair spec^s
