Dear Sir,

I write you on behalf of the Toronto Young Men's Christian Association to ask the favor of a lecture from you during the coming autumn and winter course.

We every year give an "annual lecture course", for which we procure the best available talent, & shall be delighted if your numerous engagements will permit you to aid us this year.

In case you can do so, will you please write me to that effect, with name of subject, terms, & time, (Any time between October and March will suit us so far as I now know) so that I may lay the matter before the Lecture Committee at our next meeting, & oblige.

Very Respectfully Yours

Wm. Lee
