Dear Col
Hewitt

Windsor
16 August 1898

Dear Sir,

I am much obliged to
you for your communication
of the 12th, and for the
Calendar of Dr. Gill Minors
which you were kind enough
to send me -

I regret that I am unable
to furnish you with as
complete a syllabus, but the

U.C. College being only in its
infancy, and incomplete both
in students and staff, I
do not think it desirable
to stress type too much at
present - I have directed
Regulations which give an
outline of our organization,
etc forwarded by you -

The salary of the Prof of
Engin. & Mining is not yet
determined, nor the date

of appointment, but I will not
fail to afford you information
on both these points
immediately they are settled.

Truly yours.

W. A. Wood

J. N. Danson Esq. LL.D. Secy.

Principal } Regill. Nursing
& Vice Chancellor }

I appreciate, but I will not
fail to offer you information
as the the board
necessarily they are better

Yours
W. W. D. D.
