ACC. NO. 2211/63
REF. 26

From Samuel H. Scudder, Cambridge, Mass. 14/10.78

Have nearly completed  
a revision of the paleozoic  
cochroaches of the entire world,  
some 50 species in all; and  
write to ask if you can  
obtain for me any new  
material from Nova Scotia.  
I have six new species from  
Pennsylvania, and should  
be glad of nine from  
any quarter before closing  
my paper. Specimens will  
be returned as soon as drawn  
for I have the matter so  
in hand that a few hours  
only are needed to describe  
and study the relations of  
any specimen.
