My dear Sir

At our meeting of Session last evening it transpired, in an informal way, that there was a probability of your not finding it advisable to commence your Sunday Afternoon Class for S. S. Teachers in the Lecture Room of Stanley Street Church.

If this surmise is correct, we have pleasure in offering you our School Room for your Class. We do this, not only because we think ours is the most convenient meeting place, but also to express our

appreciation of the value of
your Clarette teachers of
our own & other schools.

Let me add that personally I
heartily endorse the action of my
Kirk session.

Yours very truly
