Dec 10th 1878.

Dr. J. M. Dawson.

Dear Sir,

I would be very glad to receive the amendments or additions, notes &c. for Nova Scotia. It is somewhat expensive to alter the plates, but I propose to add additional notes, corrections &c. in an appendix with a reference to them in the text of the proper chapter. As it takes time to collect this kind of information, and when a call is made for more books, they are wanted at once, you will greatly oblige me if you will send them as soon as convenient.

Very respectfully yours
James Macfarlane
